DIGITAL CLINICAL PORTFOLIO

Instagram Clinical Portfolio: @dr.abubakar022

Verified digital case documentation demonstrating advanced rotary endodontics, rubber dam isolation protocols, biomimetic restorative workflows, and clinical photography.

PROFESSIONAL SUMMARY

Highly precise and clinically active General Dentist with focused expertise in advanced rotary endodontics, biomimetic restorative dentistry, and modern isolation protocols. Experienced in managing complex root canal morphology including curved canals and C-shaped canal systems using evidence-based clinical workflows. Supported by a verified digital case portfolio demonstrating detailed procedural documentation and restorative outcomes. Possesses strong clinical communication skills, a solid pharmacological foundation, and academic research exposure. Seeking to contribute international-standard patient care and clinical excellence within the Brunei healthcare system.

CLINICAL EXPERIENCE

Associate Dental Surgeon – Dental Rehab Dental Clinic, Pakistan | August 2025 – Present

- Perform advanced rotary endodontic procedures involving complex molar anatomy and curved root canal systems under strict rubber dam isolation.
- Deliver biomimetic restorative treatments and minimally invasive adhesive restorations following contemporary clinical protocols.
- Manage high patient turnover while maintaining international-level sterilization and infection control standards.

General Dentist – Smile Center Dental Clinic, Pakistan | May 2025 – July 2025

- Performed single-visit root canal treatments and emergency dental pain management procedures.
- Managed prosthodontic rehabilitation including crown and bridge impressions, shade selection, and final prosthesis delivery.

House Officer – Islamabad Dental Hospital, Pakistan | March 2024 – March 2025

- Completed 1,600+ clinical training hours across Oral Surgery, Endodontics, Prosthodontics, Periodontics, and Pedodontics.
- Managed daily outpatient diagnosis, treatment planning, patient counseling, and clinical documentation.
